## DEPARTMENT OF PUBLIC PRINTING AND STATIONERY

---

This Catalogue contains the titles and selling prices of all official publications of which copies can be purchased from the King's Printer. The title is usually of a descriptive character indicating the nature of the contents and cross references are frequently made.

Communications received from the public indicate a widespread view that statutes, blue-books and other public documents, are distributed free of charge from this Department, and it is desirable to correct this impression. In the case of certain publications a limited distribution is made by the King's Printer from lists supplied by the Department for which the document is printed. In certain cases, the Statutes of Canada, for instance, free distribution is regulated by Order in Council. Intending purchasers should be careful to give if possible the exact title of the publication desired.

Prepayment of all charges is required where official publications are ordered, and remittances by postal money order, express order or accepted cheque, should be made payable to the Receiver General for Canada and addressed to the King's Printer, Ottawa. The use of currency for this purpose is contrary to the advice of the postal authorities and entails a measure of risk. Postage stamps and foreign money will not be accepted.

No extra charge is made for postage on documents forwarded to points in Canada and the United States, but cost of postage is added to the selling price when documents are mailed to other countries.

Catalogues are published annually, with supplements monthly or as required.

J. O. PATENAUDE,  
*King's Printer.*

OTTAWA, 1935.

### NOTICE

Persons interested in being informed on publications printed may, upon request, have their names placed on the list to receive the Supplements which are issued from time to time.

1936

## DEPARTMENT OF PUBLIC PRINTING AND STATIONERY

---

This Catalogue contains the titles and selling prices of all official publications of which copies can be purchased from the King's Printer. The title is usually of a descriptive character indicating the nature of the contents and cross references are frequently made.

Communications received from the public indicate a widespread view that statutes, blue-books and other public documents, are distributed free of charge from this Department, and it is desirable to correct this impression. In the case of certain publications a limited distribution is made by the King's Printer from lists supplied by the Department for which the document is printed. In certain cases, the Statutes of Canada, for instance, free distribution is regulated by Order in Council. Intending purchasers should be careful to give if possible the exact title of the publication desired.

Prepayment of all charges is required where official publications are ordered, and remittances by postal money order, express order or accepted cheque, should be made payable to the Receiver General for Canada and addressed to the King's Printer, Ottawa. The use of currency for this purpose is contrary to the advice of the postal authorities and entails a measure of risk. Postage stamps and foreign money will not be accepted.

No extra charge is made for postage on documents forwarded to points in Canada and the United States, but cost of postage is added to the selling price when documents are mailed to other countries.

Catalogues are published annually, with supplements monthly or as required.

J. O. PATENAUDE,  
*King's Printer.*

OTTAWA, 1936.

### NOTICE

Persons interested in being informed on publications printed may, upon request, have their names placed on the list to receive the Supplements which are issued from time to time.

## DEPARTMENT OF PUBLIC PRINTING AND STATIONERY

---

This Catalogue contains the titles and selling prices of all official publications of which copies can be purchased from the King's Printer. The title is usually of a descriptive character indicating the nature of the contents and cross references are frequently made.

Communications received from the public indicate a widespread view that statutes, blue-books and other public documents, are distributed free of charge from this Department, and it is desirable to correct this impression. In the case of certain publications a limited distribution is made by the King's Printer from lists supplied by the Department for which the document is printed. In certain cases, the Statutes of Canada, for instance, free distribution is regulated by Order in Council. Intending purchasers should be careful to give if possible the exact title of the publication desired.

Prepayment of all charges is required where official publications are ordered, and remittances by postal money order, express order or accepted cheque, should be made payable to the Receiver General for Canada and addressed to the King's Printer, Ottawa. The use of currency for this purpose is contrary to the advice of the postal authorities and entails a measure of risk. Postage stamps and foreign money will not be accepted.

No extra charge is made for postage on documents forwarded to points in Canada and the United States, but cost of postage is added to the selling price when documents are mailed to other countries.

Catalogues are published annually, with supplements monthly or as required.

J. O. PATENAUDE,  
*King's Printer.*

OTTAWA, 1937.

### NOTICE

Persons interested in being informed on publications printed may, upon request, have their names placed on the list to receive the Supplements which are issued from time to time.

1939

## DEPARTMENT OF PUBLIC PRINTING AND STATIONERY

---

This Catalogue contains the titles and selling prices of all official publications of which copies may be purchased from the King's Printer. The title is usually of a descriptive character indicating the nature of the contents and cross references are frequently made.

Communications received from the public indicate a widespread view that statutes, blue-books and other public documents, are distributed free of charge from this Department, and it is desirable to correct this impression. In the case of certain publications a limited distribution is made by the King's Printer from lists supplied by the Department for which the document is printed. In certain cases, the Statutes of Canada, for instance, free distribution is regulated by Order in Council. Intending purchasers should be careful to give if possible the exact title of the publication desired.

Prepayment of all charges is required where official publications are ordered, and remittances by postal money order, express order or accepted cheque, should be made payable to the Receiver General for Canada and addressed to the King's Printer, Ottawa. The use of currency for this purpose is contrary to the advice of the postal authorities and entails a measure of risk. Postage stamps and foreign money will not be accepted.

No extra charge is made for postage on documents forwarded to points in Canada and the United States, but cost of postage is added to the selling price when documents are mailed to other countries.

Catalogues will not be compiled annually as heretofore. This issue has been brought to date with all the publications up to and including those received on May 31, 1939. It is proposed to change the mode of compiling the Supplements and these will only be printed and available for distribution at the end of each quarter, that is March, June, September and December.

THE KING'S PRINTER.

OTTAWA, June 27, 1939.

ISSUED BY  
Department of  
PUBLIC PRINTING  
and STATIONERY

PRICE 25 CENTS 7 1943

## NOTICE TO CUSTOMERS

---

This Catalogue contains the titles and selling prices of all official publications of which copies may be purchased from the King's Printer. The title is usually of a descriptive character, indicating the nature of the contents and cross references are frequently made.

Intending purchasers should be careful to give the exact title of the publication desired and prepayment of charges is required with each order. Remittances by postal money order, express order or accepted cheque made payable to the **Receiver General of Canada** should be mailed to the **King's Printer, Ottawa**. The use of currency for this purpose is contrary to the advice of the postal authorities and entails a measure of risk. Postage stamps and foreign money will not be accepted. The Special War Revenue Act requires that no person shall issue a cheque payable at or by a bank unless there is affixed thereto an excise or postage stamp; cheques up to and including \$100, 3-cent stamp and cheques over \$100, 6-cent stamp.

No extra charge is made for postage on documents forwarded to points in Canada and the United States, but cost of postage is added to the selling price as indicated when publications are to be mailed to other countries.

The present Catalogue includes all publications received in the Department to September 30, 1943. Supplements to the annual catalogue will be issued quarterly for January, April and July in each year.

There appears to be a widespread view that statutes, blue-books and other publications are distributed free of charge by the King's Printer, and it is desirable to correct this impression. In the case of certain publications a limited free distribution is made by the King's Printer under authority of Order in Council.

THE KING'S PRINTER

OTTAWA, October 1st, 1943.

## NOTICE TO CUSTOMERS

---

This Catalogue contains the titles and selling prices of all official publications of which copies may be purchased from the King's Printer. The title is usually of a descriptive character, indicating the nature of the contents and cross references are frequently made.

Intending purchasers should be careful to give the exact title of the publication desired and prepayment of charges is required with each order. Remittances by postal money order, express order or accepted cheque made payable to the **Receiver General of Canada** should be mailed to the **King's Printer, Ottawa**. The use of currency for this purpose is contrary to the advice of the postal authorities and entails a measure of risk. Postage stamps and foreign money will not be accepted. The Special War Revenue Act requires that no person shall issue a cheque payable at or by a bank unless there is affixed thereto an excise or postage stamp; cheques up to and including \$100, 3-cent stamp and cheques over \$100, 6-cent stamp.

No extra charge is made for postage on documents forwarded to points in Canada and the United States, but cost of postage is added to the selling price as indicated when publications are to be mailed to other countries.

The present Catalogue includes all publications received in the Department to September 30, 1944. Supplements to the annual catalogue will be issued quarterly for January, April and July in each year.

There appears to be a widespread view that statutes, blue-books and other publications are distributed free of charge by the King's Printer, and it is desirable to correct this impression. In the case of certain publications a limited free distribution is made by the King's Printer under authority of Order in Council.

THE KING'S PRINTER

OTTAWA, October 1st, 1944.
